SaveBAREC No on Measures A & B Committee

FPPC# 1302295

Mission

Advocate sound land use and environmental quality of the BAREC property, keeping public land public.

Vision

Promote BAREC reuse as agricultural, cultural, historical, and community open space ensuring native healthy soil through safe organic methods.

Traffic Control

San Jose has not approved any new modifications to accommodate added vehicle and pedestrian traffic from the developer's 110 private homes

Example 1: Walk-Way Needed

An overhead walk-way or extra stop light would meet foot traffic demands.

Example 2: Walk Parking Lot

Senior Citizens will walk through 2 large parking lots with moving cars to get to the main mall.

Example 3: Speed Limit Change

San Jose will not change speed limit to accommodate seniors walking to shop

Keep Traffic Flowing

Do not be fooled! Traffic jams will occur on Winchester and Stevens Creek. More needs to be done to address the traffic flow and traffic congestion.

Vote NO
A & B

Valley of Heart's Delight

Merge Silicon Valley to its past by keeping the part we call heart.

Bay Area Research and Extension Center

90 North Winchester Blvd

Save this last 17 acres of agricultural open space.

SaveBAREC PAC does not oppose the planned Senior Housing portion.

Save Public Land for the Public

The developer and the State would sell public land to make private profit. Save public land to benefit the public.

SBLeaflet2 Traffic Control

Vote No on A & B Vote Feb 5' 2008

Keep Public Land PUBLIC!

Feb 5th Santa Clara voters can save the last 17 acres of agricultural land from the Developer's bulldozer.

Land Division

- 60% Wealthy Estates
- 18% Senior Apartments
- 16% Private Lawn
- 6% Public Space

Ownership

The State owns property. The City controls the zoning. The voters vote controls how we keep California golden.

Proper Cleanup

For 85 years BAREC lead fertilizer and pesticide research. **Bioremediation** is needed to restore the soil to its pristine natural state.

Keep Soil at BAREC

Do not remove the soil or cap (cover and seal) which exposes the citizens to toxic airborne particulates.

Protect the Public

Protect the public and avoid future land cleanup problems. Do more soil testing and take care of the clean up properly now!

90 North Winchester Blvd

BAREC Could

- Reduce Carbon Footprint
- Increase Health Awareness
- Purify Contaminated Soil
- Bring Back Community
- Educate School Children
- Sustainable Food Systems
- The History of California
- Reduce Energy Use
- Reduce Pollution & Poisons
- Help Master Gardeners
- Support School Garden
- Teach Backyard Farming
- Test soil for all chemicals
- Use Bioremediation Technology
- Support Seniors
- Seniors working with youth

The Choice is Yours

Vote No to support the citizens of Santa Clara's right to add their voice on how best use this treasure. Let citizens decide.

Consider All Options

- **LAST 17 acres** agricultural land
- Deny Zoning Resolution
- Keep land Agricultural
- Deny General Plan Amendment
- Restore the original General Plan
- Demand State and City restore soil
- Use a safe and effective process to restore BAREC
- Use soil *Bioremediation*
- Use State approved Bioremediation
- Purify the Heart of the Valley
- Proper cleanup gives a future
- The State needs to listen
- The State must compromise
- The Voters need to be heard
- Public land only for public purposes
- Restore confidence in the process.

Let the Citizens Decide!

Vote to set aside the last 17 acres of agricultural land until the voter's voice is heard. Let Santa Clara citizens vote to decide BAREC's future so Citizens wins!

Support BAREC with your: donations, volunteer time or expertise! Let others know about the BAREC vote.
